# VarioTable for the PRO-MASTER

The VarioTable consists of six consoles, each with three displaceable suction cups. **Conversion of the working table as a whole takes place in less than 15 seconds.** Consoles and suction cups are positioned automatically by the control system.

## Basic equipment

- (1) Six consoles, can be positioned on hardened linear guides in a motor-driven manner by means of a rack-and-pinion drive
- (2) Three suction cup holders per console, in each case one vacuum suction cup with plunger valve; second vacuum suction cup optional
- (3) Suction cup holders can be positioned on a hardened linear guide in a motor-driven manner by means of a rack-and-pinion drive

## Options

- Vacuum suction cup 80 x 80 mm, rotatable, with plunger valve
- Vacuum suction cup 80 x 40 mm, rotatable, with plunger valve
- Further suction cup holder per console with vacuum suction cup 80 x 80 mm, with plunger valve

The technical data given are for reference only. All rights reserved in respect of changes in design and features, since HOLZ-HER machines are subject to constant development. The illustrations are therefore not binding. The machines illustrated may contain special features that are not series-standard. For better clarity, the machines are sometimes shown without the protective hood.
