

Edge Banding Machine

Impressive performance at an impressively low price

KAL 210/2/A1	Technical Data	KAL 210/2/A1
<p>The KAL 210 offers an impressive range of efficient equipment features which were previously reserved to far higher-priced machines. A highly economical complete solution which covers practically every conceivable requirement when it comes to coil material without decimating your budget.</p> <p>For all those looking for even higher output and more processing scope, we offer a range of innovative extras. These can also be simply retrofitted at a later stage, or adjusted to new or changing requirements. For maximum flexibility and optimum future proof production.</p>	<p>Overall length Working height Workpiece width w/thickness 22 Workpiece width w/thickness 40 Workpiece thickness min.-max./option Edge thickness coils Fixed workpiece overhang Feed adjustable</p>	<p>5130 mm 950 mm 60 mm 105 mm 12/40/60 mm 1 mm 30 mm 18-25 m/min</p>
KAL 210/5/A3/S2	Technical Data	KAL 210/5/A3/S2
