

## Panel Cutter Optimat HPP 82

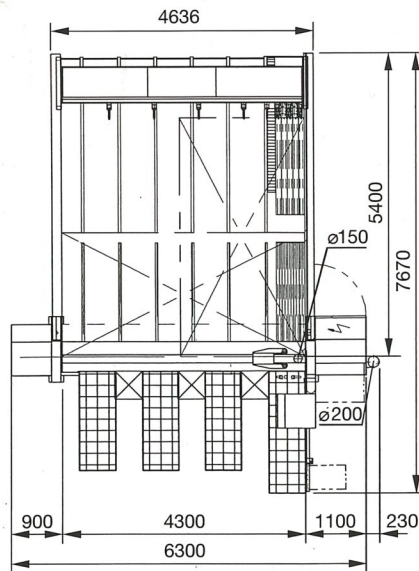

Chipfree, finished cut –  
accurate, versatile,  
economical

F 265e/4.2000/2 Sch

### Technical Data Optimat HPP 82

Saw blade projection	95 mm
Cutting length/width	3100/3800/4300 mm
Main saw motor	13.5 kW/18.0 HP (21 kW/29 HP)
Scoring saw motor	2.2 kW/3.0 HP
V = Saw carriage speed	5-125 m/min
V = Program fence speed	80 m/min
Total air requirement at 6 bar	20-30 l/min
Required air pressure	6 bar
Total connected load	20 kW (27.5 kW)
Extraction	4500 m <sup>3</sup> /h-26 m/sec

Dimensions refer to type HPP 82/43

### Optimat HPP 82 the incomparable new generation

- 1 Most modern technique.**  
Program fence with non-contact measuring system, 2-finger clamps, steel angular fence
- 2 Monorail.**  
Saw carriage with main and scoring saw with dynamic rack and pinion drive
- 3 CADmatic.**  
Machine control with moving graphics and label printer (option)
- 4 Double-sided side pressure device.**
